Flu shots are available to all Cigna members and Non-Perm employees. If you have insurance with another carrier, please contact that carrier for a list of flu shot providers covered by your insurance.

If you are not able to attend one of the City sponsored Clinics, please check with your doctor or go to any CVS Minute Clinics ([www.minuteclinic.com](http://www.minuteclinic.com)) or Walgreen Take Care Clinics ([www.takecarehealth.com](http://www.takecarehealth.com)) for your flu shot to be covered 100%. Flu shots provided by the pharmacist or Mollen sponsored clinics are **NOT** covered by COT Cigna medical insurance.

Please bring your Cigna medical card and non perm employees must have City ID
